To Whom It May Concern Andrew Lewis

I first met Andrew in May 2017 when he visited our school. He immediately struck me as a very focused and very approachable individual who quickly established a rapport with staff and children alike.

Andrew spent the morning with us and, after a whole school assembly to our 420 pupils aged 4-11 years, he took time to visit each of our 14 classes, talking to children and posing for photographs. Following this he gave a fantastic demonstration of his triathlon skills and the technicalities of switching blades for different events.

Throughout, Andrew was very relaxed around children and staff and nothing was too much trouble. He was able to very easily engage with individuals and groups and took time to answer individual questions.

I was very impressed by Andrew's message, preparation, presentation and manner throughout his visit and in subsequent meetings that I had with him. He is passionate about helping children and young people and clearly self-motivated and very driven.

I commend Andrew to you as an educator and role model and would welcome him back to The Dell with open arms. His passion and dedication is boundless and his attitude is infectious.

If I can be of any further assistance, please do not hesitate to contact me.

Yours faithfully,

S King
